

INTERDISCIPLINARY CONFERENCE ON MECHANICS, COMPUTERS AND ELECTRICS

ICMECE
27-28 November 2021

www.icmece.org
(VIRTUAL)

CALL FOR PAPERS

The goal of ICMECE-2021 is to gather scientists, engineers, researchers, technicians and industrial representatives to present the cutting-edge studies on Mechanical, Computer and Electrical Systems and form an interdisciplinary academic forum to discuss the scientific and engineering issues to arrive at more complete systems for the applications of future world.

The audience on the interdisciplinary issues can be M.Sc./Ph.D. students, post graduate Students, research Scholars, post-doc scientists and all other academicians related to Mechanical Engineering, Civil Engineering, Electrical, Electronics & Communication Engineering, Computer Science & Engineering, Communication Engineering, Mechatronics, and Natural Sciences. In addition, companies focusing on the entrepreneurship and research & development can participate, too. The conference will perform traditional research paper presentations as well as the keynote talks by prominent speakers focusing on the related state-of-the-art technologies in the interdisciplinary fields of the conference.

KEYNOTE SPEAKERS

		
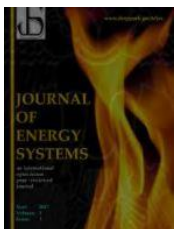

Prof. Dr. Peter R.N. Childs Imperial College London, UK	Prof. Dr. Josep M. Guerrero Aalborg University, Denmark	Prof. Dr. Adnan Sözen , Gazi University, Turkey
		
Prof. Dr. Francesco Cottone Perugia University, Italy	Prof. Dr. Nicu Bizon Pitesti University, Romania	Prof. Dr. Patrick Wang , Northeastern University, USA

TOPICS

The activity includes all interdisciplinary fields of engineering and natural sciences including mechanics, computer science and electrics. You can have an idea on the topical fields at <http://icmece.org/scope-and-interests>

PUBLICATIONS

All accepted/presented papers will appear in *ICMECE Conference Proceedings*. Extended versions of the selected papers will be submitted to SCOPUS and SCI-indexed journals. Journal list will be improved till the conference time.

IMPORTANT DATES

Virtual Conference Days: 27-28 November 2021

Manuscript Submission Deadline: 1st September 2021

Peer-Review starts upon the arrival of papers.

Acceptance Delivery Starts: 7th November 2021

Registration of participants starts from 7th November 2021 till 20th November 2021.

Online ISBN numbered Conference Proceedings will be announced on 10th December 2021.

Call for the selected papers for the cooperating journals : 20th December 2021
